

REMARKS

1. Response to informalities in the specification:

"nest" on page 9, line 1 of the substitute specification has been deleted and "recess" is added instead.

2. Response to informalities in claim 1:

(1) "circular" has been added after "central" in line 8.

(2) The recitation "the first front positioning plate has a central circular protrusion" in line 23-24 has been deleted.

Respectfully submitted
